ABOUT ME

Software Engineering undergraduate with hands-on experience in Python, Java, and full-stack web development. Skilled in building database-driven applications, AI-powered solutions, and scalable software systems. Strong problem-solving mindset with a passion for clean code, automation, and real-world software development. Actively seeking Software Engineer internship and entry-level opportunities.

EDUCATION

B.Tech in Information Technology
SNS College of Engineering, Coimbatore

CGPA: 7.65 / 10 | Sep 2023 – Present

Higher Secondary Education (HSC)
Maharishi Higher Secondary School

Percentage: 72.5% | Aug 2021 – May 2022

Academic Projects

Limited Battery System

- Designed and implemented a rechargeable battery system as an alternative to AA/AAA batteries.
- Built a USB-based charging circuit ensuring stable power delivery and safety.

Vehicle Information Management System

- Developed a software system to manage cab owner details, service records, and fine history.
- Designed a structured database for efficient data storage and fast retrieval.

Agri-Doctor (AI-Based Agricultural Assistant)

- Built an AI-powered application to detect plant diseases using image recognition.
- Integrated chatbot-based solutions to provide treatment recommendations.
- Enabled multi-language support to improve accessibility for farmers.
- Focused on scalable software design and user-friendly interfaces.

Internship Experience

Retech Solutions Pvt. Ltd., Chennai (Artificial Intelligence Intern)

Jun 2025 – Jul 2025 (Offline)

- Completed a 22-day internship training program in Artificial Intelligence and software development.
- Developed an AI-based "Chatbot for Customer Support" to automate user queries.
- Applied Python programming concepts for chatbot logic and response handling.

ByteXL – Industry Training (AI & Python)

Nov 2025 – Dec 2025 (offline)

- Completed domain-specific training in Python and Artificial Intelligence.
- Earned Microsoft Azure DP-900 (Data Fundamentals) global certification.
- Improved problem-solving and coding skills through hands-on practice and HackerRank.

Technical skills

Programming: Python, Java, C | OOPs, DSA Basics

Web & App: HTML, CSS, JavaScript, Flutter

Databases & AI: MySQL, Image Recognition

Tools: GitHub, VS Code, Canva

Certifications

- Microsoft Azure AI-900 – Fundamentals of Artificial Intelligence
- Microsoft Azure DP-900 – Azure data fundamentals
- IBM – Python / AI Fundamentals
- PreplInsta – Programming & Aptitude Training
